Tedlar®
PVF Film

60 Years of Global Leadership

Since 1961, DuPont™ Tedlar® polyvinyl fluoride (PVF) film has provided long lasting protection to important surfaces around the world in fields like aerospace, transportation, healthcare and construction. Applied with a special adhesive based on a hot laminating process, the unique properties of Tedlar® film offer revolutionary performance to today's architectural metal surfaces.

Advantages of Tedlar® PVF Film

- ✓ Advanced resistance to UV rays, acid rain, sea water, salt spray, dirt and sand
- ✓ Resistant to mold and mildew
- ✓ Impervious to harsh chemicals and pollution
- ✓ Pliant and easily molded
- ✓ Fire resistant
- ✓ Easy to clean and maintain

Proven in Extreme Conditions

Tedlar® PVF film is the ultimate solution against corrosion in coastal and tropical environments that experience high temperatures and humidity, sea water and salt spray, as well as industrial and urban areas subject to acid rain and other pollutants. Color uniformity, fade resistance and ease of cleaning allow metal surfaces to maintain their original appearance for decades.

Long-Term Durability

- ✓ Superior weatherability to paint
- ✓ Corrosion & chemical resistant
- ✓ Resistant to graffiti & pollution
- ✓ Keeps buildings looking new

Beautiful Aesthetics

- ✓ Maintains color for years
- ✓ Smooth matte surface
- ✓ Excellent formability for innovative design

Easy to Clean

- ✓ Dirt shedding & stain resistant
- ✓ Chemical inertness for easy cleaning
- ✓ Reduced maintenance costs

Eco-Friendly

- ✓ Non-flammable
- ✓ No support for bacterial growth
- ✓ Non-reactive & inert

Performance Tested

- ✓ Abrasion Resistant: 65+ 5L/ml
- ✓ Impact Resistant: 5x metal thickness with no adhesion loss
- ✓ Chemical Resistant: No blisters or physical changes from sulfuric acid, hydrogen chloride, ammonia and sodium hydroxide
- ✓ Saltwater Spray: No scribe or creep

Proven Protection

- ✓ 50+ years of superior durability in the harshest environments
- ✓ Surface maintains original look for decades
- ✓ Up to 50-year warranty against fading, cracking and corroding including oceanfront installations

- ✓ Watertight warranties available
