that the street, swale and sidewalk are County property and, as such, are governed by State and County parking regulations. Residents are further advised that blocking the sidewalk, even in your own driveway, is a ticketable offense under both Florida State statute and Palm Beach County ordinance.

2. Exceptions to (1) above.

The following vehicles shall not be subject to the parking restrictions contained in Subsection (1) above, and shall be entitled to park subject to restrictions contained in Subsections (a) through (e) below:

b. For purposes of this Paragraph, "commercial vehicles" shall mean those vehicles which are not designed and used for customary, personal/family purposes and/or any vehicle with lettering or graphics for commercial purposes. Sheds may be no higher than seven feet six inches (7' 6") from ground level at their highest point, and shall occupy no more than 80 square feet of floor space.

Sheds must be obscured from view of adjacent/neighboring homeowners by fencing and/or hedges measuring no less than six feet (6') in height. Fencing should be constructed of materials that comport with the other sections of this document, and shall be of "solid" design, such that neighbors do not have an obviously unobstructed view through them. Hedges should be of a density so as to similarly obstruct the shed from view.

Sheds must be sturdily constructed of plastic, wood, or other durable materials, and must be maintained in good physical condition at all times. Portions of sheds visible above the fence line by neighboring properties shall be kept clean and in good repair, so as not to create an eyesore for adjacent homeowners. No objects/materials may be stored on top of the roof structure of any shed. Sheds must be constructed such that they have a pitched roof.

Sheds must be permanently affixed and anchored to the ground, to minimize the possibility that either they or their contents can become hazardous flying objects in the event of high winds, and must conform to all construction and anchoring standards as required by pertinent building codes. Sheds are to be used solely for storage and may not, under any circumstances, be used to house persons or animals on a regular or temporary basis. Structures that do not meet the above requirements are considered dwellings, buildings, outbuildings, or other structures as governed elsewhere in this document.

A. The members of the Board of Directors of the Association shall appoint an Architectural Committee for the purposes hereinafter set forth in this section. The Architectural Committee shall consist of three (3) members and no more than five (5) members.

B. Purpose of the Architectural Committee. The Architectural Committee shall provide for a systematic and uniform review of all proposed improvements and construction of any type or nature whatsoever which would require the issuance of a permit pursuant to the provisions of any code or ordinance of the applicable local government having jurisdiction within property within the Plats of Juno Isles.

In the event of the resignation of any member or should a vacancy on the Architectural Committee otherwise occur, such vacancy shall be filled within thirty (30) days of such occurrence.

All additions and/or alterations to property within the plats of Juno Isles shall meet the minimum building code and/or other property development standards of the local government having jurisdiction. In addition, all proposed additions and/or alterations to property within the plats of Juno Isles shall also be approved by the Architectural Committee.

2. Such plans and specifications shall provide for the installation of concrete sidewalks four (4) feet in width and adequate approaches or turnouts, which shall meet the minimum standards required by Palm Beach County, Florida, and as revised or amended by said County from time to time. Such installation of sidewalks and approaches or turnouts shall be completed prior to occupation of the dwelling by its occupants.

3. A. No roof of any dwelling or outbuilding shall have a pitch of less than 3:12, provided however, that with the prior written consent of the Architectural Committee, outbuildings, porches and not more than twenty-five percent (25%) of the total living space of the dwelling may have a pitch as approved by the Architectural Committee. All roofs shall be constructed of cement tile, metal aluminum panels as defined in section 3.B. or, with the prior written approval of the Architectural Committee, certain stone coated metal tiles having the appearance of cement tile and a minimum 20 year transferrable warranty against rust and corrosion. The Board of Directors may promulgate additional specifications for all roofs which may be amended by the Board of Directors from time to time. In accordance with this Paragraph V, applications for new roofs must include documentation of compliance with all roof specifications as set forth herein and/or promulgated by the Board of Directors, including color and a sample of the roof material and shall be submitted for approval by the Architectural Committee prior to installation. Outbuildings, porches and not more that twenty-five percent (25%) of the total living space of the dwelling may have a roof of other composition as approved by the Architectural Committee.

3. B. Metal roofs consisting of aluminum panels must have a uniform width between 14 to 16 inches. Additional technical specifications addressing minimum thickness, coating requirements, panel style, panel fastening, roof color and other aspects related to ensuring high quality roofing appropriate to a high wind velocity ocean-front environment shall be set by the Board of Directors.

4. Approval of plans, specifications and location of building by the Architectural Committee shall be endorsed on both sets of plans and specifications, and one set shall forthwith be returned by the Architectural Committee to the person submitting the same. An owner whose application is disapproved by the Architectural Committee shall have a right to appeal to the Board of Directors. The owner shall notify the Board of Directors of his/her appeal in writing, by certified mail, return receipt requested, within 10 days after the date of decision by the Architectural Committee. The Board of Directors shall convene a hearing on the owner's appeal not later than 30 days after receipt of owner's written notice of appeal. The Board of Directors will provide the owner with a written decision on the appeal not later than 10 days after the hearing date.

5. The approval of the Architectural Committee of plans or specifications submitted for approval, as herein specified, shall not be deemed to be a waiver by the Architectural Committee of

the right to object to any of the features or elements embodied in such plans or specifications if and when the same features and elements are embodied in any subsequent plans and specifications submitted for approval for use on other lots.

6. After such plans and specifications and other data submitted have been approved by the Architectural Committee, no building, outbuilding, garage, fence, wall, retaining wall, or other structure of any kind shall be erected, constructed, placed, altered or maintained upon said property unless the same shall be erected, constructed or altered in conformity with the plans and specifications, and plot plans theretofore approved by the Architectural Committee. If any building, outbuilding, garage, fence, wall, retaining wall, or other structure of any kind shall be erected, constructed, placed, altered or maintained upon said property other than in accordance with the plans and specifications and plot plans therefor, approved by the Architectural Committee, such erection, construction, placing, alteration and maintenance shall be deemed to have been undertaken without the approval of the Architectural Committee.

7. (a) After the expiration of one year from the date of completion of any structure or alteration, such structure or alteration shall be deemed to comply with all of the provisions of Paragraph V hereof unless notice to the property owners by certified mail to the contrary shall have been sent or legal proceedings shall have been instituted to enforce such compliance.

(b) In the event that the Architectural Committee shall fail, for a period of thirty (30) days to approve or disapprove any plans, specifications, or plot plans, submitted to it for approval, the same shall be deemed to have been approved.

8. Any member of the Architectural Committee may, after reasonable notice to the property owner and at any reasonable time enter and inspect any building or property subject to the jurisdiction of the Architectural Committee which is under erection, construction or alteration to assure compliance or consistency with the covenants, restrictions, reservations, servitudes or easements is occurring or has occurred.

9. The Board of Directors may grant variances to the provisions herein, provided: a) there are unique physical conditions including, but not limited to, irregularity, narrowness or shallowness of lot size or shape, and provided the hardship is due to such conditions, and not to circumstances created by the owner requesting the variance and provided the variance is not contrary to the general scheme of the community; and b) the Association gives written notice of the request to the owners of the properties adjacent to the property that is affected by the requested variance at least ten (10) days prior to the meeting at which the variance will be considered. Any variance given pursuant to this Paragraph shall be in writing and executed on behalf of the Architectural Committee and shall not in any manner operate to waive any of the terms or provisions of this Declaration for any purpose except under the specific circumstances stated in such written variance. No variance shall affect in any way the requesting party's obligation to comply with all governmental laws and regulations pertaining to any matter which is the subject of a variance, and no variance shall serve as a precedent for any future actions of the requesting party which are prohibited hereby or require the approval of the Architectural Committee hereunder or require the Architectural Committee to grant a variance to another party or with respect to a different Lot, regardless of similarity of such other matter to the circumstances under which the original variance was granted.

Notwithstanding anything stated to the contrary, the Board of Directors may charge a fee of \$200 which shall become due upon an owner requesting a variance.

10. Neither the Architectural Committee nor any member thereof, nor its duly authorized representative, shall be liable to the Association or to any Owner or any other person or entity for any loss, damage or injury arising out of or in any way connected with the performance or non-

performance of the Architectural Committee's duties hereunder. Neither the Board of Directors nor the members of the Architectural Committee or any person acting on behalf of any of them, shall be responsible for any defects in any plans or specifications, nor for any defects in any alterations or improvements constructed pursuant thereto. Each party submitting plans and specifications for approval shall be solely responsible for the sufficiency thereof and for the quality of the construction performed pursuant thereto.

Tarps, drapes, or fabrics do not constitute adequate fencing materials and are not permissible.

Modification and Annulment of Covenants,
Restrictions, Reservations and Servitudes

Any of the covenants, restrictions, reservations, and servitudes and easements contained in this Declaration, may be annulled, waived, changed, or modified by amendment to this Declaration upon the proposal of the Board of Directors, or individual property owners may propose an amendment provided the proposed amendment is supported by at least 20 other property owners as evidenced by a petition, in writing, signed and submitted to the Board of Directors prior to the first regularly scheduled meeting of the Board of Directors in August of any year. The Board shall mail a copy of any such proposed changes and any comments of the Board of Directors to all property owners prior to October 1 and thereafter such proposed changes shall be voted on at the annual meetings of the Association in November. The proposed amendment shall be effective if a majority of the owners who are present in person or by proxy at the annual meeting in November vote to adopt the proposed amendment. Thereafter, the amendment shall be recorded in the Official Records Book of Palm Beach County, Florida.

PARAGRAPH XIV
Subordination of Covenants, Restrictions,
Reservations, Servitudes and Easements

All of the covenants, restrictions, reservations, servitudes and easements set forth in this Declaration shall be subject to and subordinate to any recorded mortgage or deed of trust in good faith and for value at any time heretofore or hereafter executed covering any part of said property, and the breach of any such covenants, restrictions, reservations, servitudes and easements shall not defeat the lien or encumbrance of any such mortgage or deed of trust; provided, however, the purchaser at any foreclosure sale under any such mortgage or deed of trust, his or its successors and assigns, shall take and thereafter hold the title subject to all of the covenants, restrictions, reservations, servitudes and easements set forth in this Declaration.

PARAGRAPH XV
Violation of Covenants, Restrictions, Reservations,
Servitudes and Easements

A breach of violation of any of the covenants, restrictions, reservations, servitudes and easements shall give to the Association and to the Architectural Committee, jointly and severally, the right to immediate entry upon the property upon which such violation exists, and summarily to abate and remove, at the expense of the owner thereof, any erection, structure, building, thing or condition that may be or exist thereon contrary to this Declaration, and to the true intent and meaning of the provisions hereof. The result of every act of omission or commission or the violation of any covenant, restriction, reservation, servitude and easement hereof, whether such covenant, restriction, reservation, servitude and easement is violated in whole or in part, is hereby declared to be and to constitute a nuisance, and every remedy allowed by law or equity against a nuisance, either public or private, shall be applicable against any such owner of any lot, and may be prohibited and enjoined by injunction. Such remedy shall be deemed cumulative and not exclusive. Where an action, suit or other judicial proceeding is instituted or brought to the enforcement of these covenants, restrictions,

reservations, servitudes and easements, the losing party in such litigation shall pay all expenses, including a reasonable attorney's fee, incurred by the other party in such legal proceeding.

PARAGRAPH XVI
Right to Enforce

The provisions contained in this Declaration shall bind and inure to the benefit of and be enforceable by the Association, the Architectural Committee, or by the owner or owners of any portion of said property, their and each of their legal representatives, heirs, successors and assigns, and failure by Association, the Architectural Committee, or by the owner or owners of any portion of said property or their legal representatives, heirs, successors or assigns, to enforce any of such covenants, restrictions, reservations, servitudes and easements herein contained shall, in no event, be deemed a waiver of the right to do so thereafter, unless otherwise herein provided. In the event the Association finds it necessary to retain an attorney to enforce these covenants, the Association may recover its attorney fees incurred by it in enforcing its covenants, including the fees and costs of litigation.

PARAGRAPH XVII
Assignment of Powers

Any and all rights and powers and reservations of the Declarant herein contained may be deeded, conveyed or assigned to another corporation, co-partnership or individual and upon such corporation, co-partnership or individual evidencing its consent in writing to accept such assignment and to assume such duties and powers, it shall, to the extent of such deed, conveyance or assignment, have the same rights and powers, and be subject to the same obligations and duties as are given to and assumed by Declarant herein and thereupon Declarant shall be relieved of the performance of any further duty or obligation hereunder to the extent of such deed, conveyance or assignment.

In the event Declarant shall convey all of its right, title and interest in and to the real property described in Paragraph I hereof and shall assign all of its rights, powers and privileges under this Declaration to another corporation, co-partnership or individual and such assignee should, by instrument in writing duly executed, acknowledged and recorded in the office of the Clerk of the Circuit Court of Palm Beach County, Florida, accept such conveyance and assume and agree to be bound by each and all of the obligations and duties hereby imposed upon the Declarant, then and in that event Declarant shall be relieved of the performance of any further duties or obligations hereunder and such other corporation, co-partnership or individual shall succeed to all of the rights, powers, reservations, obligations and duties as though such other party had originally been named as Declarant instead of Declarant.

PARAGRAPH XVIII
Marginal Notes and Headings of Paragraphs

The marginal notes and headings as to the contents of particular paragraphs are inserted only as a matter of convenience and for reference, and in no way are, or are they intended to be, a part of this Declaration, or in any way define, limit or describe the scope or intent of that particular section or paragraph to which they refer.

PARAGRAPH XIX
The Various Parts of this Declaration are Severable

In the event of any clause, subdivision, term, provision or part of this Declaration being adjudicated by final judgment of any court of competent jurisdiction to be invalid or unenforceable, then disregarding the paragraph, subdivision, term, provision or part of this Declaration as adjudicated to be invalid or unenforceable, the remainder of this Declaration, and each and all of its terms and provisions not so adjudicated to be invalid or unenforceable shall remain in full force and effect, and each and all of the paragraphs, subdivision, terms, provisions or parts of this Declaration are hereby declared to be severable and independent of each other.

PARAGRAPH XX
Membership in the Association

1. General. A person or entity shall become a member of the Association by having or acquiring fee simple ownership to any lot with property which is within the plats of Juno Isles. The membership shall continue until such time as the member transfers or conveys of record his interest, or his interest is transferred and conveyed by operation of law, at which time his membership with respect to the lot conveyed is also conveyed. The memberships shall be appurtenant to and may not be separated from ownership of a lot which is subject to this Declaration.

2. Assessments. The Association, through its Board of Directors, shall have the power and authority to make and collect assessments as hereinafter set forth.

1. General Assessments. General assessments shall be made annually for the purpose of maintenance and management of the Association. Expenses referred to herein as being included within the scope of general assessments shall include, but not be limited to, the cost and expense of: operation, maintenance and management of the Association; public liability insurance; legal and accounting fees; management fees; normal repairs and replacements; cleaning services; expenses and liabilities incurred by the Association in the enforcement of its rights and duties against members or others; and all other expenses deemed by the Directors of the Association to be necessary and proper. The Association shall annually estimate the expenses it expects to incur and may assess its members sufficient monies to meet this estimate. All notices of assessments from the Association to the members shall designate when they are due and payable. All general assessments shall be at a uniform rate for each lot, assessed equally against the members of the Association. The Association shall be restricted to assessing an assessment of no more than \$60 per lot per year for the first five years following adoption of this amendment.¹ Thereafter, the assessment shall not be increased more than \$20 per year without the affirmative vote of 2/3 of the members of the Association who are present in person or by proxy at the annual meeting in November.

2. Special Assessments. The Board of Directors may also designate certain nonrecurring expenses as special assessments. Those items designated as special assessments shall be assessed equally against the members of the Association. The Association shall be restricted to assessing a special assessment of no more than \$10 per year per lot unless a proposed special assessment is approved by no less than 2/3 of the members of the Association who are present in person or by proxy at the annual meeting or at a meeting called specially for the purpose of considering a proposed special assessment.

¹This sentence relates to the time period running from adoption of the Amended Declaration of Protective Covenants, Restrictions, Reservations, Servitudes and Easements affecting real property within the plats of Juno Isles Civic Association, Inc., recorded on December 31, 1990, in Official Records Book 6686, at Page 198, et seq., of the Public Records of Palm Beach County, Florida.

3. Effect of Non-Payment of Assessments.

1. Lien, Personal Obligation, Remedies of Association. If any assessment is not paid on the date when due, the assessment shall then become delinquent and shall, together with interest thereon and the cost of collection and attorneys' fees, become a continuing lien on the lot against which the assessment is made, and shall also be the continuing personal obligation of the owner against whom the assessment is levied. All benefits of Association membership may be terminated, at the option of the Board of Directors of the Association, if an owner's Association assessments are delinquent.

2. If an assessment is not paid within thirty days after the due date it shall bear interest at the rate of eighteen (18%) per annum from the due date until paid. The Association may, at any time after thirty (30) days, record a lien and thereafter bring an action to foreclose the lien against the lot owner and/or a suit on the personal obligation against the owner or owners. In the event the Association employs an attorney to collect the unpaid assessment, the lot owner shall be responsible for the reasonable attorney's fees and costs incurred by the Association in the collection of said assessments.

4. Subordination to Lien of Mortgages. The lien for assessment for which provision is herein made shall be subordinate to that lien of any Institutional Mortgagee. The assessment lien shall be subordinate to the lien of any mortgage securing a loan or loans made to the lot owner, whether a first mortgage or otherwise. The subordination shall apply only to the assessments which have become due and payable prior to a final sale or transfer of the mortgaged lot pursuant to a decree of foreclosure, or in any other proceeding or conveyance in lieu of foreclosure of the mortgage. No sale or transfer shall relieve any lot from liability for any assessment thereafter becoming due, nor from the lien of any such subsequent assessment. The written opinion of the Association that the lien is subordinate to a mortgage shall be dispositive of any questions of subordination, provided, however, that such opinion shall have no effect upon the priority of a mortgage securing a loan or loans made to the lot owner.

5. Notwithstanding anything stated to the contrary in this declaration or elsewhere, corporations and other entities may be permitted to purchase or lease a residence. However, the residence must be occupied by occupants which include a shareholder or officer of the corporation; trustee or beneficiary of a trust; or a tenant. A residence which is owned or leased by an individual shall be occupied by the owner (and family members, if applicable), or a tenant.
